Swarovski crystals

Product Group	Article No.	Amount	Size	Color	Color Code
Beads	5328	2 pcs	4mm	Crystal Copper	001 COP
Fancy Stone	4928	2 pcs	18mm	Crystal Copper	001 COP
Fancy Stone Finding	4928/C	2 pcs	18mm	Gold	

Supplies:

- 2 Add a Bead ear wires TierraCast® 90-3120-00
- 1 pc 10" x 1/2" Rust Leather strap TierraCast® 21-0010-03
- 2 1" Distressed End Bar TierraCast® 94-3172-25
- 20 3.7mm Eyelets TierraCast® 01-0080-09
- 4 4mm jump rings
- 4" small cable chain
- 2 part epoxy
- Alcohol wipes

Instructions

- Step 1: Clean the findings with wipes and let dry. Using the two-part epoxy, glue the fancy stones to the fancy stone findings. Set aside to dry.
- Step 2: Cut the leather strap into four equal pieces. Using one piece, slide the leather through one End bar with a 1" fold overlapping from the rear. Using the leather hole punch, punch two holes (one on top of the other, but not too close together). Using two sets of eyelets, attach to the leather one in each set of holes. This step will secure the leather to the end bar.
- Step 3: Cut the chain into two pieces. Using one jump ring, attach one piece of chain to the end bar. The chain is positioned between the two leather pieces.
- Step 4: Using one piece of leather from step 2, slide the leather through the remaining opening of the End bar with a 1" fold overlapping from the rear. Using the leather hole punch, punch two holes (one on top of the other, but not too close together). Using two sets of eyelets attach to the leather one in each set of holes. Note: match up the holes with the first side as best you can.
- Step 5: Cut each leather side at an angle towards the chain. See sample. Cut each leather side (up to the bottom of the eyelet) into three equal pieces. Punch a hole in the bottom of each piece, not too close to the end as this is for the eyelet placement. Attach one eyelet into each hole. Repeat on the opposite side.
- Step 6: If the chain is hanging below the leather, you may choose to trim it down. Attach one jump ring to the bottom of the chain and to the fancy stone finding from step 1.
- Step 7: Using one add-a-bead ear wire, slip on one 4mm 5328 crystal bead and create a simple loop. Attach the ear wire to the loop on the bar end.
- Step 8: Repeat steps 2 – 7 for the second earring of the pair
