

Autumn *leaves*

PRECIOSA

COSTUME JEWELRY SET MADE USING PRECIOSA TERRA INTENSIVE LINING SEED BEADS

Autumn leaves

*Create a piece of jewelry inspired by the magical colors of autumn.
A handmade necklace and earrings made in the warm shades of brown, green and orange from the PRECIOSA Terra Intensive Lining color collection will draw you into the autumnal atmosphere. Use the colorful seed beads for infinite options in your creative work.*

Materials and tools:

PRECIOSA Rocailles (R8)

331 19 001; 8/o;
08A86 yellow

08A19 chocolate

08A91 orange

08A54 lime green

08A18 brown

- a 0.20 mm line; a sewing needle; scissors;
pliers

- earring components; 0.6 cm rings

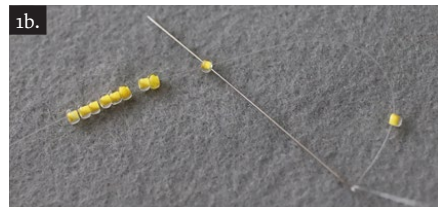

Procedure:

Prepare 2x 45 cm and 2x 90 cm pieces of line.

Step 1:

String 10x R8 (fig. no. 1a) and head back through the second R8 (fig. nos. 1b - 1c).

Difficulty: ●●●●●

Technique: sewing

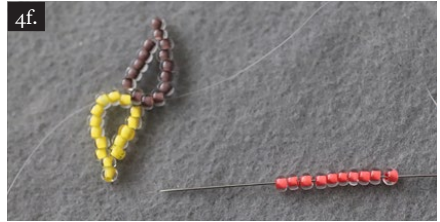

Step 2:

String 5x R8 (fig. nos. 2a - 2b), thread the needle through the last three R8 and tighten (fig. nos. 2c - 2d).

Step 3:
Move this stringing to the end of the line so that you have enough room for more leaves.

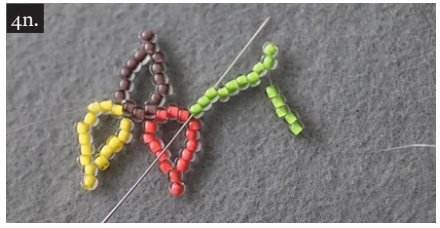

Step 4:
You will now create leaves in other colors and move them up to the previous finished leaf. This means repeating Steps 1 and 2 (fig. nos. 4a - 4t).

Step 5:

You have completed the short stringing (fig. no. 5a). Now tie a knot, sew the ends of the line into the nearest R8 and cut it (fig. no. 5b).

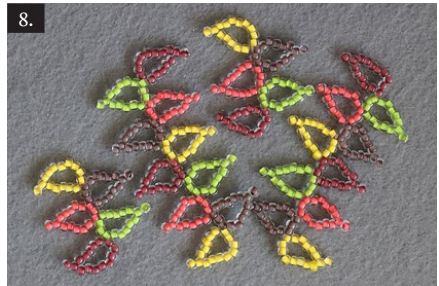

Step 6:

Repeat Steps 1 to 5 so that you have completed 2 short stringings (fig. no. 6).

Step 8:

You now have 2 short and 2 long stringings with leaves (fig. no. 8).

Step 7:

It is also necessary to create two long stringings. This means repeating each colour 2x, so that there is a total of 10 leaves on a single stringing (fig. nos. 7a - 7c).

Step 9:

Thread rings onto the top leaves of one short and one long stringing (fig. no. 9).

Step 10:

Connect the rings with another ring, add the earring components and you now have a finished earring (fig. no. 10a).

You can also create a necklace out of two or more rows (fig. no. 10b). We recommend that you should make each row longer by one set of leaves.
